

WATER LANE WORKSHOPS

Half day lampshade making course

Our tutor Alexanda Rowland from Tailor-made lampshades creates for great names such as Scumble Goosey, and Hawkesbury Interiors.

During the workshop she will teach you to make a 30cm drum shade with material you have chosen.

This workshop is fantastic if you have vintage or old lamp bases that you want to give a new lease of life too or want to make a specific colour shade to match your interiors.

Alex will go on to explore the different styles of lampshades, how to create atmosphere with light and use of material and adornments. She will demonstrate other sizes and talk about some of the more unusual commissions she has undertaken!

You will leave with a shade in your chosen fabric as well as notes to remind you of all you have learnt during your time.

The cost is £50 which includes all materials other than your 1m of material, tea, coffee, muffins and a delicious light lunch.

The day lasts from 9.30am to 1pm.

To find out more please get in touch kate@waterlaneworkshops.co.uk or call 07770 988455

Look forward to hearing from you,

Kate
